

## Supporting Excellence in Hospitality Education

La Fondation pour la Formation Hôtelière is an independent charitable trust based in Geneva, Switzerland. Established in 1973, it has been committed to the education and training of those in the hospitality industry for over 40 years.

Working with partner institutions, which include hospitality and tourism schools, colleges and universities as well as international professional bodies, La Fondation provides practical assistance with hospitality training by awarding grants to improve facilities and offering assistance to teachers and trainers to help safeguard the future of the hospitality sector in Central and Eastern Europe.

Through the specialist training and teaching support activities, students and their teachers learn best practice to foster co-operation between and amongst partner institutions. Furthermore, La Fondation promotes and develops links between local institutions and the hospitality industry within its target area.

Since 2017 EHMA collaborates with La Fondation pour la Formation Hôtelière in a Management Trainee Program. The program foresees a stage of the duration of 3 to 6 months for 6 Eastern European deserving students in Ehma hotels which have given their availability.
